

URAC'S FOCUS AREA

WHAT URAC LOOKS AT

ORGANIZATIONAL COMMITMENT

- The goals and objectives of your organization's Health Disparities Reduction (HDR) program
- Role of leadership in supporting your HDR program
- HDR education for your team members
- How you work with community partners to provide resources and/or health-related services

ORGANIZATIONAL HEALTH DISPARITIES REDUCTION INITIATIVE

- Stratification of populations based on presence or absence of social risk factors
- Data analysis to determine population needs used to identify and implement at least one HDR program initiative
- Evaluation of HDR initiative(s)' impact, including demonstrating incremental improvement and comparing outcomes between those with and without social risk factors

DATA COLLECTION AND PROTECTION

- Plan to collect comprehensive data on the various populations you serve
- Internal measures and safeguards protecting the privacy and security of individual information
- Disclosure of privacy protections to individuals
- Accommodation of individual differences during communications including language assistance services
