Are you ready for URAC’s Medicaid Health Plan Accreditation?

- **EXAMINE** your health benefit plan analysis report.
  - Your organization’s protocols for covered mental health and substance use disorder health services are comparable to medical/surgical services under the same health benefit plan.
  - **CONFIRM** your health benefit plan analysis report.
- **SECURE** evidence of HRAT review and approval.
  - Your organization utilizes a health risk assessment tool (HRAT) that is evidence-based and identifies enrollees with health disparities and other social needs.
- **CONFIRM** that organizational documents clearly define scope of services, geographic area(s) and population(s) served.
- **REVIEW** a random selection of appeal cases for time frames and notification documentation.
  - Your appeals, both standard and expedited, meet time frames and notification requirements.
- **CONFIRM** evidence of audits conducted on services provided and annual reports to leadership.
- **REVIEW** the committee’s charter and meeting minutes to ensure that it includes clinical specialties that represent the health needs of enrollees.
- **AUDIT** a random selection of appeal cases for time frames and notification documentation.
  - Your organization has a comprehensive population health plan strategy that is reviewed regularly.
